

After School Science & Engineering Classes

6 sessions ~ 4:00-5:30 pm

Spring 2017 (see dates below)

Hands-on explorations taught by Michigan Tech engineering
& science students at MTU's Great Lakes Research Center (Rm.104)

Gr. 1-2 *Science Explorers* Register by Wed, March 15

WEDNESDAYS, March 15 - April 26

Hannah Cunningham, Instructor

Students will participate in fun physical science and chemistry activities, including observations & comparisons, sound vibration, frequency & pitch, characteristics of objects, forces, matter and density. They will identify mystery powders, make their own secret formulas, experiment with magnetic attraction and strength, and engineer a method for separating mixtures.

Gr. 3-5 *Science & Art* Register by Monday, April 10th

THURSDAYS, April 13 - May 18

Erika Vye, Instructor

From taking walks and looking for patterns in nature, to making musical instruments that create many different sounds, science is intertwined with art. We'll explore how in this fun and creative class.

**Great Lakes
Research Center**
Michigan Technological University

Cost: \$75/student
