

Middle School Mathematics Initiative Workshop

Using Manipulatives to Teach Algebraic Concepts.

Monday, October 9, 2006

8:30a.m. – 3:00p.m.

CCISD Distance Learning Room

Middle School Math Teachers in Grades 6-8

Teachers will explore how to use **Algeblocks®** from ETC Cuisenaire to address Grade Level Content Expectations and teach basic algebraic concepts.

For more information about Algeblocks, visit www.etcuisenaire.com

Presented by: Shawn Oppliger, Director of Western UP Center for Science, Mathematic, and Environmental Education.

Materials: Each teacher will receive the **Algeblocks®** Deluxe Classroom Set (\$360 value) form ETA Cuisenaire.

Cost: Free to all middle school teachers in the Copper Country ISD. Substitute teacher fees up to \$90 will be covered for all participants. *Funded by Section 99b of 2005-2006 School Aid Act.*

Space is limited to 25 teachers.

Space will be reserved for one teacher from each school district in the CCISD.

0.5 SB-CEUs Available

Lunch is provided.

Workshop sponsored by:
