The “Tools” Workshop is designed to help the non-formal educator:

- Acquire information and techniques that will strengthen teacher training workshops,
- Bridge the gap between non-formal and formal educators,
- Develop a deeper insight into the teaching profession,
- Gain an overview of pedagogy and its value in a non-formal setting,
- Understand alternative assessment and how teachers use it,
- Explore the required Michigan State Content Standards and Benchmarks
- Examine current developments and resources in the field of environmental education,
- Enhance your credibility with teachers and increase your professional growth.

“Tools” for Non-formal Educators Workshop, was created by the Illinois Environmental Education Advancement Consortium and supported by the U.S. EPA and U.S. Fish & Wildlife Service
