

2015 Water Festival at MTU's Great Lakes Research Center

Wednesday,
September 30

FREE for 9-12th grade students in CCISD & GOISD

Science & Engineering
STEM Careers
Great Lakes Stewardship

Registration is open! Teachers can now register their high school classes to attend an exciting array of activities that will increase students' knowledge of Great Lakes science, engineering, history, careers, and more! During each half-day session, students attend four 35-minute activities.

The Water Festival is designed to: offer engaging standards-based experiences taught by MTU scientists, graduate students, and community experts involved in Great Lakes research and STEM career fields. Activities will span content areas and provide hands-on learning opportunities for students.

What will be offered?

- Great Lakes fish & wildlife
- Remotely-Operated-Vehicles (ROVs)
- Non-native invaders
- Environmental monitoring
- Low impact development
- Investigating biodiversity

Who are the presenters?

Presenters include Michigan Tech faculty, staff, students, community organizations, government agencies, authors, photographers, and more.

Choose one session to attend:

Morning: 8:45 - 11:30 am

Afternoon: Noon - 2:50 pm

Register Early!

(space for 20 classes per session)

Bus travel stipends (one bus per school) for first 10 schools to register.

Register online at:

<http://wupcenter.mtu.edu>

Please indicate:

- ✓ Teacher name and school
- ✓ Grade level
