Instructor: Ranger David Kronk (david_kronk@nps.gov)
Bussing will be provided to the different ecosystems we will explore!

Graduate Students

If you have never taken a **graduate** course at NMU, you will need to complete a Graduate Application for Admission. You may apply on line at: http://www.nmu.edu/graduate_studies/ (Click on "How to Apply") or call the Graduate Studies office at 906-227-2300.

Note: As of winter 2006 graduate students no longer pay an application fee until they register for a major. When they take that step, the application fee is \$50.00.

To Register (ONCE YOU ARE ADMITTED)

You may apply on line at: www.my.nmu.edu. First time users will need to find their *Username* and create a password. This can be done by clicking on the tab "MyUser," and selecting the "New User" line. You can also register over the phone by calling the Student Services Center at (906)227-1221.

Students must register within 7 days after the first class meeting.

Note: 900-numbered courses are not applicable to plans of study leading to provisional certificates, endorsements, nor to M.A.E., M.A., or M.S. degree programs. Four credits of 900-level courses are applicable to the 18 semester credit requirement for the Michigan Professional Education Certificate. For a renewal of the Michigan Professional Education Certificate, which is required each five years with documentation of 6 semester credits within the last 5 years, the teacher/administrator may use 6 credits of 900-level courses.
