# FAMILY engineering

Hosted by Michigan Tech University  
& Western U.P. Center for Science, Math & Environmental Education

Discover the fun of engineering through hands-on activities for middle school students and their family! Get a sneak peek at a dynamic new program. Participate in activities such as: *Blast Off*, *Clean Water Challenge*, *Second Skin*, *Give Me A Hand*, *Assembly Line* and *Artistic Robots*, being field-tested for inclusion in a new *Family Engineering Activity Guide* to be published in Spring 2011.

Sign up early, space is limited to the first \_\_\_\_\_ families.

**Date:**

**Time:**

**Place:** L'Anse Middle School

- ◆ Explore engineering together!
- ◆ Help test activities for a new publication!
- ◆ Free admission. Snacks!
