followed by coffee,  
dessert and discussion.

**Be Green –  
Bring Your  
Own Mug!**

*Funded with a gift from  
an anonymous donor.*

In this age of alluring techno-gadgetry, we need to be very cautious about maintaining a balance between indoor & outdoor activity. Children's natural curiosity about the outdoors is being eclipsed by the demands of busy schedules and the ever-present glow of video screens.

- Find out why kids need time outside.
- How does inventive play benefit kids socially & academically?
- How can we create welcoming places for outdoor play and learning at schools and in the community?
