Register ASAP,  
accepted on first come basis*

No previous experience needed!  
All students welcome!

### Class Instructor:

Chad Norman, Science & Technology Education Specialist, Michigan Tech Center for Science & Environmental Outreach, will teach both classes.

- ◆ Use kid-friendly software designed by MIT researchers;
- ◆ Learn Java programming basics to develop custom mobile apps for Android smartphones;
- ◆ Download finished games to any Android phone or tablet to share with friends and family;
- ◆ Explore electrical engineering using *Sew Electric!* - sewing and circuitry combined to create light-up stuffed animals;
- ◆ Design objects on a 3D printer!
