

Engineering & Science Majors Needed

Get PAID to teach Elementary Students

Gain EXPERIENCE that'll look great on your resume!

Now Hiring After-School Instructors

The Western U.P. Math & Science Center is hiring Engineering & Science majors to teach After-School Science Classes for K-8 students in schools in Houghton and Baraga Counties **for Fall 2015 and Spring 2016 (8-week sessions):**

Sept. 21-Nov. 20

Nov. 23-Jan. 29 (not Thanksgiving),

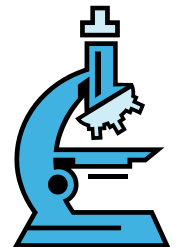

Feb. 1 - April 8 (not Spring break)

April 11 - June 10

To participate, you must be available from about 4:00 – 6:00 pm *at least ONE day per week, M-F*, and have your own transportation to schools. Some schools may be located up to 35 miles from Michigan Tech. Travel stipend, training, lessons and supplies provided.

Choose one of these After-School Classes to teach:

- **Science Explorers:** physical science and engineering activities
- **Chemistry for Kids:** chemistry and biology activities
- **Alternative Energy LEGOS** (for Grades 4-6): design and build cars and other structures
- **Under Your Feet** (for grades 1-3): Earth science activities.
- **Engineering Challenges** (for grades 4-6): engineering activities.
- **Outdoor Science Investigations** (outside)
- **MANY MORE choices available!!**

PAY: \$12/hour (\$370 per session)

APPLICATIONS DUE: Sept. 14, if interested in teaching 1st session. Applications accepted for other sessions all year.

Email completed applications: jchadde@mtu.edu

APPLICATIONS Online: <http://wupcenter.mtu.edu/>

For More Information: Joan Chadde at jchadde@mtu.edu or 487-3341

Offered in partnership with the Baraga-Houghton-Keweenaw Child Development Board and the Great Explorations Program.
