FACE ON THE ROCK - 5 DAY TEACHING UNIT

Grade Level: 2

Subject: Social Studies/Language Arts/Math

Overview: This unit will teach my students about the Native American Culture.

Michigan Standards and Benchmarks covered in the unit:

**Social Studies:**

Historical Perspective
Content standard 1: EE benchmarks 3: distinguish among the past, present, and the future.
Benchmark 4: Place events of their lives and the lives of others in chronological order.
Content Standard 2: EE benchmarks 1-4 identify people involved, describing the setting and sequencing the events
Content Standard 3: EE benchmarks 1: use a variety of records to construct a narrative about their personal or family histories

Geographic Perspective
Content Standard 1: describe, compare, and explain locations and characteristics of places, cultures, and settlements. EE benchmarks 1&2
Content Standard 2: describe, compare, and explain location and characteristics of ecosystems, resources, human adaptation, environmental impact, and interrelationships among them. EE benchmarks 1-3

Inquiry
Content Standard 1: all students will acquire information from books, maps, etc. organize and present the information. EE benchmarks 1-3

**English Language Arts**

Meaning and Communication
Content Standard 1: all students will read and comprehend general and technical material. EE benchmarks 1-5
Content Standard 2: all students will demonstrate the ability to write clear and grammatically correct sentences, paragraphs, and compositions. EE benchmarks 1-4
Content Standard 3: all students will focus and meaning and communication as they listen, speak, view, read, and write. EE benchmarks 1-8

Literature
Content Standard 5: all students will read and analyze a wide variety of classic and contemporary literature to seek information, etc… EE benchmarks 1-5

Voice
Content Standard 6: all students will learn to communicate information by creating oral, written, and visual texts that engage an audience. EE benchmarks 1-4
Content Standard 7 all students will demonstrate, and reflect upon skills used to communicate. EE benchmarks 1& 4

**Mathematics**

Patterns, Relationships and Functions

Content Standard 1: Students recognize and generalize patterns, use patterns to create models and make predictions, describe the nature of patterns and relationships and construct representations of mathematical relationships. EE benchmarks 1-5

Day one:

**Objectives:**
- **TLW** share what they know about Native American and what they would like to learn more about
- **TLW** read Knots on a Counting Rope
- **TIW** do a story map with characters, setting, what happened in the beginning, middle and end of story
- **TLW** describe the most important events in their life. Cut them out and string them together to make a timeline.

**Instruction**

The instructor will make a KWL chart on overhead and walk students through what each of the letters stands for K what we know W what we want to learn L what we have learned.

Do a KWL chart whole group with class to check their prior knowledge of Native Americans and find out what they would like to learn more about.

Students will partner read Knots on a Counting Rope by Bill Martin. After reading we will talk about location (setting) where does the story take place. Assign a rereading for home work and do time line activity.

**Assessment**
- **TLW** have a completed story map with characters, setting, what happened in the beginning, middle and end of story.
- **TLW** have a completed timeline of their life

Day two:

**Objectives**
- **TLW** do a sequencing of the story Annie and the Old One.

**Instruction**

The instructor will read out loud Annie and the Old one. We will discuss the setting of the story. Using a tri-folded piece of paper the student will do a sequencing of the story with beginning, middle and end. On the overhead we will compare the two stories. From reading these two stories what do we know about Native Americans? Add what we have learned to our KWL chart.
Assessment
   TLW do a sequencing of the story

Day three:
Objectives:
   TLW label Grand Island with these terms island, cliffs, lake, bay, tombolo.

Instruction:
Instructor will ask if anyone in class knows where Grand Island is. Munising? Can you find them on our map of Michigan? How far away from us is Munising? I will write the terms Island, Cliff, Lake, Bay, and Tombolo on the board does any one know what these words mean? We will break up into 5 groups each group given one of the words to look up in the dictionary. Each group will have 1 look up the word in the dictionary, 1 will write the definition down and 1 will share the definition with the whole class. Each group will then be given a map of Grand Island and asked to label each of these physical characteristics on their map. The instructor will begin reading aloud Face on the Rock. The reading will take several days to complete before next lesson will begin.
Assessment:
   TLW have a completed map of Grand Island with the terms labeled correctly.

Day four:
Objectives:
   TLW do a written retelling of Face on the rock.
   TLW draw their favorite part of the poem Hiawatha

Instruction:
After the instructor finishes reading face on the rock as a whole class we will do a sequencing of events in the story by making a list of important events on the board. Each student will then does a written retelling of the story .The instructor will read Hiawatha the poem by Longfellow to the class.
Assessment:
   TLW will have a written retelling of Face on the Rock it will be assessed with the MLPP rubric for written retelling.
   TLW turn in a picture of their favorite part of Hiawatha.

Day five:
Objectives:
   TLW make a children’s pendant necklace.
   TLW decide where on our time line Powers of the Air would go.
   TLW make their family tree.
**Instruction:**
The instructor will provide kits to each child for making a children’s pendant necklace. We will go over the instructions together and discuss the story of the megis (cowrie) shell. If you turn the shell over, you can see that it resembles our lungs. The story is that the creator breathed into our lungs and gave us life. We will then revisit our KWL chart. Did we answer the questions? What have we learned? Add Powers of the air on our timeline of American Heroes. For homework, fill out a family tree to be shared in class. Have each student tell one story about someone from their family tree.

**Assessment:**
- TLW have a finished children’s pendant necklace and be able to explain the story of the megis shell to the teacher.
- TLW have a finished family tree and will share one story orally about their family which we will put on tape.
- TLW turn in a slip of paper with the date of where we should add Powers of the Air to our timeline.

**Culminating Activity**
Invite a Native American speaker to our school to explain more about their culture.
Materials:
- Overhead projector
- Multiple copies of Knots on a Counting Rope by Bill Martin Jr. and John Archambault
- Copies of blank story map
- Copy of individual timeline
- KWL chart
- Annie and the Old One by Miska Miles
- Paper for tri-fold sequencing
- Map of Michigan
- Map of Grand Island
- Dictionaries
- A Face in the Rock by Loren R. Graham
- Children’s pendant necklace kits
- Blank family tree
- Tape recorder
- Blank tapes
